## Man dead, another critical in separate area shootings

One man is dead and another is in the intensive care unit of Firms Desloge Hospital, St. Louis, after two separate shooting incidents in the Quad-City area Friday and Saturday.

Dead is Mark W. Tatro, 29, Gilbertsville, Mo., who suffered a bullet wound to the heart while he was visiting the KOA Campgrounds on West Chain of Rocks Road in Mitchell at about 2:15 a.m. Saturday.

Injury, in the other shooting, which occurred about 8:25 p.m. Friday in Eagle Park Acres, is George Lott, 41, of 1881 Market St., Madison, who is in serious condition with at least one bullet wound to his head.

Suspects are in custody in the Madison County Jail in connection with both shootings.

Madison policemen were called to Eagle Park Acres Friday night and remained on duty until about 11 p.m. at a home in the 200 block of Carver Street, saying, "That's the man you want."

The man, who was bleeding heavily from the left side of his head and chin, said he had been struck with a brick during a disagreement in the 200 block of Carver Street and he had shot the other man in self-defense.

Officer took the man into custody for

investigation. They then checked the 200 block of Carver Street and found Lott, bleeding from facial wounds. An ambulance was summoned and took Lott to St. Elizabeth Medical Center. Emergency treatment for a gunshot wound to his face was administered and he was transferred to the St. Louis facility.

The man who said he shot Lott also was treated at St. Elizabeth Medical Center. While he was being treated he told police they could get the gun from his home which was used in the shooting. They went to his home in the 200 block of Carver Street and the mother retrieved a .38-caliber revolver from on top of a bed, officers said.

The gun, which had three live rounds and three spent shells in it, was turned over to sheriff's deputies. The suspect in the shooting was released from the medical center and was taken to the county jail at Edwardsville for further questioning and the possible filing of charges.

Saturday's fatal shooting occurred about 12:30 a.m. at the KOA Campgrounds.

Madison County sheriff's deputies said they have been unable to determine a motive for the shooting. Mr.

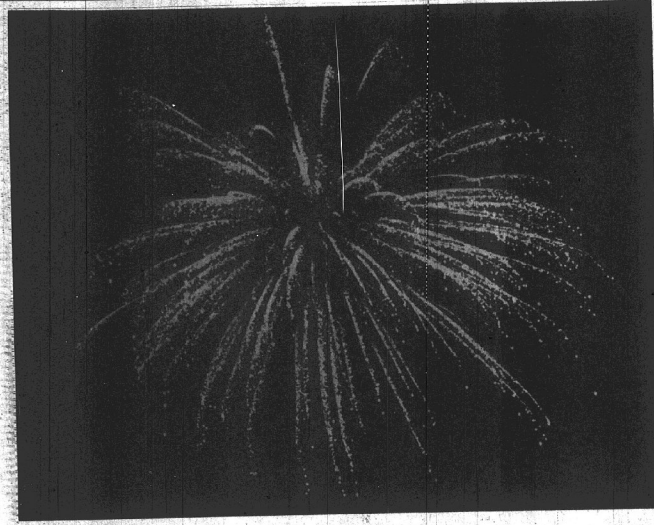

Tatro was believed to have been visiting the camping trailer of friends at the camp grounds when he and a Granite City area man had a disagreement and Mr. Tatro was shot. The 22-caliber bullet entered the left side of his chest and lodged, killing him almost instantly, authorities said. He was pronounced dead at the scene by Madison County Deputy Coroner William Sternberg at 1:05 a.m. Saturday.

Witnesses gave deputies the name of a 21-year-old Granite City area man who allegedly shot Mr. Tatro and officers went to that man's home and spoke to his mother, according to official reports.

The mother said the man was not at home, but she would inform deputies when he arrived home. He was taken into custody at 11 a.m. Saturday, pending discussions with county deputies.

An autopsy was conducted of Mr. Tatro's body Sunday, during which the bullet was recovered from his chest.

Mr. Tatro is survived by his parents, Mr. and Mrs. William (Clare) Tatro of Gilbertsville, Mo. Funeral arrangements are given in today's obituary column.

**COLORFUL DISPLAY** at Wilson Park Friday night included an assortment of aerial and ground pyrotechnics. Approximately 14,000 viewed the half-hour show, some from their yards

and nearby streets. Young and old alike were entertained by the fireworks show during the 21st annual Fourth of July festival held by the park district.

## State to maintain GC signals

For years, taxpayers in Granite City have footed the bill when autos knocked down traffic lights on state highways in the city, or when light bulbs in the signals have burned out.

Now, the state has agreed it will maintain its own traffic signals, but Granite City will have to continue to pay for the electricity to the lights.

Seven years ago, the city was responsible for maintaining and operating 20 of the 22 signal lights inside the city limits, even where two state highways meet.

Last year, the state agreed to take over the maintenance of the lights at intersections where two state highways meet.

"At the last meeting of the Granite City Council, a letter was received from the Illinois Department of Transportation agreeing to pay a proportionate amount for maintaining traffic lights where state highways meet city streets."

"It's an improvement," City Engineer Monroe Brewer concluded. "Last year, we spent about \$35,000 maintaining lights and replacing those knocked down by vehicles. With this agreement, we should cut that in half," he predicted.

Brewer said that the police will be instructed to call the state when there are problems with signals on state highways, even when the signals are at the intersection with city streets.

In the past, when signal lights were not operating properly, or had been knocked down where a city street meets a state highway, the city has called R. Dren Electrical Co. and has paid for the repairs.

Under the new agreement, the state

will bill the city for a proportionate share of the cost of the repairs, he noted.

The percentages have been determined by how many legs of each light serve state routes and how many legs serve city streets. For example, at "T" intersections, where a city street dead-ends at a state highway, the state would pay two-thirds of the cost of maintaining the lights or replacing lights knocked down and would bill the city for the other one-third of the cost.

Lights on which the state has agreed

to accept two-thirds of the maintenance costs are on Route 203 (Namecki Road) at Victory Drive and 25th Street. DOT also agreed to pay half the cost for the lights at 20th Street and Madison Avenue, and one-third of the maintenance costs of the lights at 20th Street and Niedringhaus Avenue.

The state will assume full maintenance of the lights on Namecki Road at 20th and 23rd streets, at 20th Street and Route 3 and on Route 3 at Niedringhaus Avenue, according to the new agreement.

## Power failure downtown today

A power failure blackened most of downtown Granite City from 9:34 a.m. to 10:19 a.m. today, halting business at banks, some stores and the Press-Record.

With an outside temperature of 90 degrees, closed office buildings quickly became warm.

Carl Mathias, manager of the Granite City office of Illinois Power Co., said he has not yet determined the cause of the outage or the geographic area it covered. He did say that the power company facilities on Adams Street had full power, but the Illinois Power offices at Niedringhaus and Delmar avenues were without electricity.

Power on at Niedringhaus Avenue and Cleveland Boulevard and in the 1900 block of State Street, but most of the area between those locations reported an outage.

Most operations at the downtown banks had to be halted, including drive-

through service. Motorists were requested to literally drive-through the drive-in lanes without conducting business, until the power was restored.

Unaffected were the police and fire departments and St. Elizabeth Medical Center, which were not in the area which lost power.

Later this morning, Mathias said the boundaries of the outage were from 17th to 20th streets and west of State Street to about Cleveland Boulevard.

The exact source of the outage had

## Smith urges vote on new 'final offer'

Officials of the A.O. Smith auto frames plant have asked striking employees to vote on a "final offer" of settlement by July 14 or face the alternative of having the offer withdrawn.

Employees, members of United Auto Workers Local 1715, have been on strike since April 1.

At the same time, company officials said the declining sales of American-made cars coupled with a costly strike "have placed the existence of the Granite City plant in extreme jeopardy."

The offer provides a total wage and benefit package of \$4.68 per hour over a three-year contract period and is

described by company officials as the largest offer ever made by the local plant of A.O. Smith Corp., which is based in Milwaukee, Wis.

Willard Herring, president of the UAW local, said there are no plans to present the company offer to the membership "because they have voted three times to leave the matter in the hands of the international union."

The international had paid out \$650,000 in strike benefits so far, and Herring said it wouldn't do that if there wasn't a good reason. When we get something substantial the members will vote on it."

Herring said the \$4.68 per hour offered by the company "includes a lot of roll-up items including \$2.36 in cost of living increases that it is possible we never would get."

Approximately 650 workers are involved although another 700 union employees were laid off before the strike.

A letter explaining details of the offer were sent late last week to all union employees with the request that they urge their negotiating committees to put the offer to a secret ballot vote, noting that unless the company hears from the union by July 14, "the offer will be withdrawn."

Paul Kelly, plant manager, said that in response to the offer, union negotiators "responded with an array of proposals extremely excessive and unacceptable considering past discussions about current business

## Park festival draws 14,000

More than 14,000 persons viewed the spectacular 21st annual Fourth of July fireworks display Friday night in Wilson Park.

The crowd was one of the largest to witness the traditional show.

Between 25,000 and 27,000 attended the five-day Fourth of July Festival, which concluded last night at Wilson Park.

Total of 58,873 ride tickets was sold to patrons enjoying the festival midway.

Many of those at Friday night's show said it was one of the finest fireworks displays they had ever seen.

Harold Brown, director of parks and recreation for the Granite City Park District, commented this morning:

"We owe many thanks to Granite City Trust and Savings Bank which contributed 50 percent of the cost of this year's fireworks," the director said.

Total cost of the pyrotechnic exhibition was \$6,300, Brown advised.

Only one casualty resulted from the fireworks show.

Professional fireworks shooter Tom Kiser from the Sunset Fireworks Co. of

Sunset Hills, Mo., collapsed during the show and was taken by ambulance to St. Elizabeth Medical Center suffering from heat exhaustion. He was released after treatment.

An estimated 300 persons heard recording stars Ron Mahan and the Country Lads of Nashville, Tenn., perform at the festival last night and a comparable number attended the Stagecoach country-western show Thursday evening, Brown said.

High temperatures that continued into the late evening hours may have held down attendance at the Sunday night performance, the director commented.

Unfortunately, the noise of exploding fireworks was not confined to the park district's extravaganza on July 4th.

The illegal shooting of fireworks was heard repeatedly throughout the Quad-Cities at various times, the explosions scaring younger children and pets.

The Granite City Police Department received 80 calls of illegal fireworks incidents during the holiday weekend.

Madison police received 26 calls and 12 incidents were reported in Venice.

## 22 weekend 'disturbance' arrests at Kirkpatrick

Hot and humid weather with temperatures near the 100 degree mark may have been a contributing factor in the more the 15 police calls and 22 arrests at Kirkpatrick Homes during the holiday weekend.

The first call came at 10 minutes after 12 Friday morning to the 4000 block of Kirkpatrick Homes where a fight was in progress. While officers were questioning people mulling about James A. Lewis and his brother, a juvenile, began yelling and refused to leave the scene. They were charged with criminal trespassing to land and released at 1:25 a.m. on \$35 cash bail. The car of James Lewis was towed away as it allegedly was parked in a no parking zone.

Robin Miller, 4007 Kirkpatrick Homes, called at 2:20 a.m. in relation to another woman, Shirley Stucke, 23, of 4006 Kirkpatrick, allegedly striking her with a broom and her fists. Mrs. Stucke was arrested on a city complaint charging battery signed by the victim.

Mrs. Stucke was later released and Saturday evening reported her telephone lines had been cut. According to a police report, witnesses saw Robin Miller standing on a meter box and cut the telephone lines.

Mrs. Alice Hankins, 41, of 3802 Kirkpatrick Homes, allegedly was standing in the yard of Apt. 4007 screaming at a neighbor when police arrived on the scene. As the police were talking to Mrs. Hankins her husband, Luther, 40, came up and when told his wife was under arrest he allegedly became abusive. Both were taken to the police station and charged with criminal trespassing to land. Both were later released on \$35 bond.

At 4:50 a.m. Friday the police were again called to the apartment of Robin Miller who stated a woman known as Mary allegedly threw a bottle out of an upstairs window and broke on the Miller porch. No arrests were made.

Robin Miller called police at 7:40 a.m. Friday stating a man with a shotgun was allegedly

threatening her and a group of people on her porch. Police arrested John M. Stojek, 45, of Apt. 4010 on a charge of illegal possession of firearms and confiscated a shotgun he allegedly had in his hands. In an earlier report by Robin Miller, she said an unknown person had shot holes in the front storm door of her apartment.

A 16-year old boy was arrested and charged with criminal trespassing on land after Robin Miller, Apt. 4007, Kirkpatrick Homes, called the police in conjunction with someone cutting the telephone lines into her apartment.

In other incidents at the housing project, David Brownwood, 22, of St. Charles, Mo., and Rich Widmer, 21, of 2715 Bixton Ave., were arrested and charged with criminal trespassing at 4:30 a.m. Friday.

Police police noticed the car with a Missouri license was driving through the housing complex with no lawful reason to be in the area.

Two other juvenile boys were stopped at the 3000 block of Kirkpatrick Homes after they also were seen cruising through the project at 4:55 a.m. Friday. Both Granite City residents but not living in the project, they were arrested and charged with curfew violation and later released to their parents on \$35 cash bail.

A fight was reported in the 3600 block of the housing project at 12:15 a.m. Saturday and one adult, Karen Hunkle, 19, of Apt. 4010 was arrested on a charge of disorderly conduct and five juveniles were arrested for curfew violation. According to police the group were harassing a resident who allegedly called the authorities when the young

## Student musicians at Music and Youth camp

Nine band students from Granite City High School South are attending the Music and Youth Camp this week on the Carbondale campus of Southern Illinois University.

All of the student musicians participating in the week-long program have received full or partial scholarship grants. Partial grants were provided by the South Band Parents Organization, headed by Lou Passig, president.

Three full scholarships

were awarded by the Nameoki Woman's Club to Carla Ryterski, Mary Grace and Mary Metcalf.

Mrs. Emmett Beeler, club president, made the presentation. Partial scholarships were presented to Tim Passig, Mike Branum, Debbie Reeves, John Votoupal, Paula DeRuntz and Mike Beebe.

Workshops and courses in which the students are involved this week, include concert band, jazz band, chorus and music ap-

preciation, theory and conducting. A history of jazz also is offered.

The course are taught by SUC professors and graduate assistants.

During the one-week camp, the students will have an opportunity to attend various cultural events on campus, such as plays, musicals and recitals, according to Joe Owens, South High band director. They will return home Saturday.

## Boy Scout district executive hired

Larry Joe Gosney, 24, of Hunnewell, Mo., has been hired as the Unit (Quad-Cities) District Scout executive, it was announced today by William Monical, council scout executive. A special meeting has been called for 7:30 p.m. Tuesday in the Boy Scout Service Center, 2018 Delmar Ave. for Scouters to meet Joe, as he prefers to be called. Gosney will live in Granite

City. He began his new duties today.

He has a bachelor degree from Culver-Stockton College, Canton, Mo. in psychology.

At college he was a member of the student parliament, maintained a B+ grade average and was a member of the Tau Kappa Epsilon (TKE) fraternity. He was a Cub Scout as a youth.

After three months on the job, Gosney will attend a three-month Boy Scout Executive Institute in Dallas, Texas.

## TWO INJURED

Two motorists were treated for injuries sustained in an auto accident at Nameoki Road and Lindell Boulevard at 10:55 a.m. Thursday. Hazel Wierer, 55, of 12 Frontenac, said she had pain to her head, neck, back, knees and hand, was x-rayed and released at St. Elizabeth Medical Center at 11:30 a.m. The other driver, Ross Anderson, 28, of Edwardsville, was treated for a laceration to the left side of the head, received x-rays and was released from the hospital.

## Stolen car is burned

The auto of Debra Patterson, 708 Twenty-sixth St., was stolen from the Wayside Tavern, 2160 Washington Ave., between 11 p.m. Sunday and 2 a.m. today and was found burned at Old Frog and Cemetery roads at 5:45 a.m. today.

Madison County sheriff's deputies reported there seemed to be extensive damage to the left front of the car, in addition to the fire damage.

Granite City police found the auto's description matched that of a hit-and-run car which damaged three autos on Ridgedale Avenue near the 4700 block of Kirkpatrick Homes at 1:30 a.m. today.

Witnesses to that accident said an eastbound auto struck the left side of the parked auto of John Rippey, 3880 Circle Drive, pushing it sideways into the parked auto of Timothy Taylor, 3883 Kirkpatrick Homes and Lucy Ridenhouse, 4708 Kirkpatrick Homes.

The driver of the hit-and-run vehicle then backed up, turned off his vehicle's headlights and drove, without lights, north on Nameoki Road, witnesses told police.

A piece of chrome left at the accident scene by the hit-and-run auto is to be checked today against the burned auto to determine if it was the same vehicle.

## Man beaten by cyclist

John F. Stewart of the 2600 block of Cayuga St., was injured when a motorcyclist struck him twice on St. Clair Avenue at Nameoki Road at 7:15 p.m. Sunday.

Stewart said he was driving west on St. Clair Avenue when a black Harley Davidson Sportster motorcyclist passed him. A man with shoulder-length light brown hair and a mustache, who was wearing a leather jacket, was driving the cycle and a young woman with dark hair was a passenger, he said.

At Nameoki Road, the driver got off the motorcyclist, walked back to Stewart's auto and punched him twice through the window, for no apparent reason, Stewart said.

Stewart backed his car up rapidly to escape the beating, but the cyclist turned the auto's steering wheel and the car backed into a utility pole, Stewart told police.

The cyclist then returned to his bike and drove south on Nameoki Road, he added.

## 'Nite in Venice' to be Saturday

St. Mark Catholic Church in Venice will hold its sixth annual "Nite in Venice" on Saturday, July 12.

As in the past, featured food at the day-long parish festivities will be Italian sausage, Italian beef and barbecue pork steaks. Other foods and refreshments of all kinds will also be available throughout the day beginning at noon.

There will be outdoor dancing to the music of disc jockey John Sliko.

## Youths arrested on Johnson Road

Three youths were arrested at Johnson Road and Terrace Lane after they allegedly were traveling at a high rate of speed and screeching brakes in the 1500 block of Clark Avenue at 1:55 a.m. Saturday.

Randy Chase, 18, of 2215 Cleveland Blvd., was charged with allowing a juvenile to violate curfew and unlawful possession of cannabis.

The two boy juveniles with him were charged with curfew violation and were later released on \$35 cash bail to their parents.

## STRONGARM ROBBERY

Mr. Ed's Tavern, 701 Madison Ave., Madison, was about to enter his auto at 3:10 a.m. Saturday when a youth grabbed a bank bag, containing \$700, from Harper's hand and fled. The youth was described as a white man 18 to 20 years of age, with blond hair, and about five feet, six or seven inches tall.

## New law to aid businessmen

A comprehensive program to aid small business in Illinois has been approved by the Illinois General Assembly.

"The Democratic sponsored package of legislation provides a dynamic new program to help small businessmen prosper and grow in Illinois," Rep. Mike Slape (D-Peoria) said.

The cornerstone of the package is a proposal introduced by Slape. It calls for creation of a small business division within the Department of Commerce and Community Affairs.

"For too long the needs of small businessmen have been ignored by Illinois officials," Slape said. "By creating a small business office, we'll give the small businessman the access he needs to deal with the intricacies of Illinois government."

Slape's proposal includes establishing state-financed small business development centers at some Illinois colleges and universities. "These centers would work like the agriculture extension service to give small businesses technical help and advice on financial, managerial and product development matters," Slape said.

Other components of the small business package co-sponsored by Slape include the following:

Convening of a legislative conference on small business.

Creation of a Small Business Product Development Corporation to aid small businesses in developing new products.

Changing Illinois inheritance laws to allow closely held family businesses and farms to defer payment of inheritance taxes over a 10 to 15-year period when the principal owner dies.

Require the Environmental Protection Agency to oppose the program. Later, however, he was able to revive his plan as an amendment on a Democratic bill with support from 22 Republican members of the House.

"Even though Republican opposition killed my proposal the first time, I was able to convince enough Republicans later on to join with me in bringing about this much needed aid for small businessmen in Illinois."

In other action, the General Assembly has approved and sent to the governor legislation creating the State Purchased Human Services Review Board.

The legislation, which was sponsored by Slape, creates a nine-member board appointed by the governor with authority to set rates paid by

the state to purchase human services such as nursing home care, Medicaid and day care. The board will consist of five state officials and four public members.

"Human services purchased by the state amount to more than \$3 billion or about 30 percent of the state's budget," Slape explained. "yet, we have no official body to set standards and approve rates for purchasing these care."

Slape said his proposal will replace an anonymous haphazard process of rate setting with an efficient and orderly method.

"For the first time, providers of human services and consumers of those services will be given a voice

in the determination of how much the state will pay for those services," Slape said.

"Before, providers and consumers were left out of the process by insensitive bureaucrats who made rate decisions behind closed doors. Now those officials have to make those rate decisions out in the open where they can be held accountable."

"Decisions affecting the expenditure of more than \$3 billion in taxpayers' money should not be made in secret," Slape said.

Both the small business package and the human services board legislation now go to the Governor for his signature before becoming law.

## Inspectors must follow same rules as police

The Granite City Inspection Department must follow all of the same rules which apply to the police department in searching private property and buildings for violations, the new city attorney, John Papa, told the city council at its last meeting.

In order to inspect a building to determine if a business is being operated there in violation of the city's zoning ordinance, the inspector must either get the owner's permission to inspect the property or must obtain a search warrant from a judge, Papa warned.

In order to obtain a search warrant, an inspector must convince the judge that there is probable cause to believe a law is being violated, he added.

The legal opinion came after Alderman Warren Decatur objected that the city's inspection department had failed to take any action for six months on complaints he had made of a business in a residential neighborhood. He said the city inspector had told him there was nothing the inspection department could do, unless there was proof a business was being operated there and the owner was profiting from the business.

Decatur contends that one man uses his garage, in a residential neighborhood, for welding, repairing autos, building race cars and other mechanical work. Neighbors have complained about banging and pounding from the garage, sometimes as late as midnight, he added.

Another man is using a garage in a residential area to store furnaces and air conditioners, which the inspection department has been told about, Decatur added.

He said he also has told the inspection department about three families living in one home, in violation of the zoning regulations, and said the post office has confirmed that the mail for three families is being sent to that single-family home.

Papa said he does not feel that proof of mail for three families being delivered to one house would be sufficient evidence to convince a judge to issue a search warrant.

Decatur concluded, "I am getting disturbed with (telephone) calls by people who called the inspection department and were told that nothing could be done and that they should call their alderman. I have got it up to my ears. What do we hire these people for, anyway, if they can't take care of zoning problems?" he asked.

Papa said the inspection department can only gather evidence about possible zoning violations and can file complaints when sufficient evidence is gathered.

Then, either a criminal misdemeanor complaint can be filed or the city can seek an injunction ordering that

the business cease. A criminal conviction could subject the owner to a fine, while an injunction could cause the owner to be fined for every day the offense continues, Papa said.

Decatur also criticized the inspection department for a lack of cooperation among the workers, saying, "There is a lot of disharmony in the inspection and sanitation departments."

Mayor Paul Schuler said he would look into the circumstances surrounding the involuntary transfer of one man from the inspection department to the engineering department which caused the man to resign. The city council had not approved the transfer and none of the city officials or aldermen was aware of it, he said at the council meeting.

## State economic outlook dimming

A sharply deteriorating economic outlook since the Fiscal Year 1981 Budget was presented in March is reducing anticipated state revenues, while increasing spending pressure, Budget Director Robert Mandeville said Wednesday.

"While our estimates of revenues and expenditures for the present year remain on target, the outlook for the year that began July 1 is different than it was in March," Mandeville said.

On the Fiscal 1981 revenue side, he said a net drop of about \$70 million from budget levels is now being forecast, coupled with increased spending demands on the state of at least \$64 million in welfare payments alone.

Unemployment is now estimated at 8.3 percent across the nation and growing, he said. "The principal force driving

spending upward as the recession takes hold. At budget time, unemployment was projected at 7.6 percent, he noted.

Referring to the Bureau of Budget Quarterly Financial Report, Mandeville said the state's revenue and spending outlook "clearly establishes the importance of maintaining an adequate reserve in the state treasury."

He stressed, "The \$400 million to \$450 million available balance expected at the end of fiscal year 1980 could play a crucial role in maintaining the state's financial well-being during the recession."

## School competency testing SIUE topic

A Peoria educator who started minimum competency examinations in the city's public schools will be the guest speaker at the sixth education colloquium Thursday, July 17, at Southern Illinois University at Edwardsville.

Edwin H. Griffith, director of research for Peoria public schools, will discuss "Minimal Competency Testing: The Peoria Plan." The session begins at 1 p.m. in Building III, Room 4201, sponsored by the SIUE School of Education.

Although the idea is still considered controversial, competency testing has been adopted in 37 states, including Missouri, and has been proposed for Illinois.

Griffith, a leading expert in the field, credits the testing with statistically raising the competency of Peoria students who know they must pass a test to receive a diploma.

"The plan has been working in Peoria since 1975."

## '10-4' to meet top law enforcement men

Explorer Post 10-4 will be touring Washington, D.C. the third week of August.

This is Post 10-4's ninth major trip in the eleven years it has been in existence.

Post 10-4 is sponsored by Madison Police Unit 110, Police Benevolent and Protective Association.

Although the Post went to Washington in 1974, none of the current members were old enough to be Explorers then.

On the tentative schedule of places the Explorers will visit include the U.S. Secret Service where they will visit one of their honorary members, Director Stuart Knight.

A day will be spent with another honorary member Congressman Melvin Price, as the Explorers visit the U.S. House and Senate, which will be in session.

In 1974 Post 10-4 scored one of its many "firsts" for Explorers nationally when they were guests of the Central Intelligence Agency and allowed inside the CIA for a "classified" briefing by the agency senior briefings officer and former Director William Colby.

The Explorers will also visit the FBI and meet with Director Webster, plus Director Peter Bensinger of the Federal Drug Enforcement Agency (DEA).

In addition to the nation's

top law enforcement men the Explorers will take in some of the regular national monuments and shrines.

Explorers planning the trip are John Bargiel, post president, and trip committee members Ed Patterson, Lloyd Blumentstock, Tim Vandave, Joe Bonson, Jim Klaus and Mickey Tond.

The Explorers earn their own money for their trip with car washes, candy sales, soap sales and their well-known "Haunted Castle."

## New book on 1916 election

S. D. Lovell, professor of government and public affairs at Southern Illinois University at Edwardsville, is the author of a new book, "The Presidential Election of 1916." The book will be released by the SIUE Press on July 17.

In his book, Lovell analyzes the 1916 presidential race in terms of the issues, the campaign strategies, the candidates Wilson and Hughes, and the one man who did not run but who undoubtedly affected the outcome—Teddy Roosevelt.

At the time of the election, America was facing the war in Europe, sparring with Mexico, and undergoing the painful transition from an agrarian to an industrial society.

According to Lovell, other issues that influenced the election of 1916 included women's suffrage, the conflicts between labor and business, prohibition, and the state of the economy.

## Keeping healthy

By MARY RICHARDS

In the summertime a child's exposure to poisons is greatly increased. I'm sure you are aware of the hazards of household cleaning products, and drugs, but are you aware that the leading cause of childhood poisoning is houses and garden plants?

Accidental poisoning victims who are more than 2 years of age generally consume internal medication, but toddlers will eat or drink anything they can get their hands on. And the only protection against plant poisoning is constant vigilance until your children learn not to do what comes naturally—put things in their mouths.

Some of the most dangerous plants are commonly used in flower and vegetable gardens. In some instances, only a small part of a plant is poisonous. Rhubarb is an example. The stalk, of course, is edible, but the leaves can be fatal.

Some of the poisonous plants common to the Midwestern states include the following house and garden plants: hyacinth, narcissus, daffodil (bulbs), dieffenbachia (dumb cane), elephant ear, castor bean (seeds), larkspur, monkshood, lily-of-the-valley, iris (underground stems), bleeding heart, rhododendron, azaleas, and yew.

The poisonous trees and shrubs in Illinois include: peach (leaves), cherries (twigs and foliage), oaks (acorns and foliage), elderberry and black locust.

The poisonous wildflowers and plants to be aware of are: jack-in-the-pulpit, mayapple, buttercup, poison hemlock, Jimson weed or thornapple and nightshade.

To help reduce the number of deaths from accidental poisoning, the Illinois health department has designated three Regional Poison Resource Centers to serve all of Illinois. The toll-free number is 800-655-1212, ask for the telephone number of the Poison Resource Center in your area.

You can call one of these centers at any time, day or night. Tell them what your child has swallowed. They will tell you what to do.

For more information about poisonous plants, contact the Illinois Department of Public Health, Division of Education and Information, 525 West Jefferson, Springfield, Ill. 62761.

## Man charged with forgery

Walter E. Baehler, 35, of 2436 rear E. 24th St., was arrested at his home last week and was charged with forgery for allegedly using two forged checks to purchase a car at Bob Moore's Auto Sales, 2810 Northwood Road, April 25.

Baehler told police he had just been released the day before from the Madison County Jail on bond on another forgery charge. Both charges allegedly stem from the use of forged checks from S. E. S. Industries, St. Louis, according to authorities.

He allegedly endorsed two checks, for \$487 and \$551, at Moore's Auto Sales lot to purchase a car. He then ordered the title transfer and license plates for the car, investigators said.

He was supposed to return to Moore's to get change from the checks, but failed to return, police were told. The checks then were returned from the bank as forged.

The Madison County state's attorney's office issued a felony warrant for Baehler's arrest and his bond was set at \$30,000.

## TREATED AT HOSPITAL

A 19-year-old Venice woman was taken to St. Elizabeth Medical Center at 8:39 a.m. Saturday for treatment of a possible drug abuse problem.

Police reported she was found lying along the side of a curb at Broadway and Robin St. by police and transported to the hospital by ambulance. After being treated at the medical center the young woman signed herself out about four hours later. It was reported.

## Tri-City comeback falls short, 10-9

Special to the Press-Record

**HIGHLAND**—The District 22 North Division race remained in a turmoil Thursday when Tri-City Post 413 of Granite City, which had a chance to move into sole possession of the fourth (and last) playoff spot in the division fell to Highland 10-9 in eight innings.

The loss evened Tri-City's District record at 9-4, while Highland raised its mark to 9-10. Tri-City is five games behind front-runner Edwardsville (18-2), tied with Bethalto (8-8). Highland is five and a half games back. Alton (12-6) is in second place in the division, a game and a half back, while former front-runner Collinsville (11-7) is in third, two and a half games off the pace.

If not for a Tri-City seventh inning rally Thursday, the game wouldn't have even gone into the one extra frame. With two out, the Granite City team scored five runs to tie the score 9-9.

Tri-City had led 4-1 after two, but Highland plated five runs in the third inning, four

coming on a grand-slam homerun off of starting pitcher, and Tri-City ace Kevin Cripps from Granite City North.

In the first inning, Rich Daily singled, Mike DeGonia bunted safely on, sending Daily to third. A Tri-City trademark, the double-steal, was then executed to perfection, with Daily scoring and DeGonia moving on to third base. DeGonia moved to third on a passed ball by Highland catcher and a wild pickoff attempt.

The Linhart boys then combined to give Tri-City its third run of the game. Jeff Linhart walked with the bases empty, moved to second on a sacrifice and scored on a single by his cousin Mark.

After a single run in the third, Highland began to build its seemingly insurmountable 9-4 lead.

Trailing 9-4, Tri-City almost waited too late to start its comeback. With two out and nobody on base, John Vrenick walked. Mark Linhart then reached base on an error and second baseman Kevin Sykes singled to load the bases.

Third baseman Bob Batey walked, forcing in Vrenick, making it 9-5. Then "Rich Cope singled in Linhart and Sykes making it 9-7. After a Bob Ford single that loaded the bases, Rich Daily walked in another run. Then DeGonia was hit by a pitch and the score was tied 9-9.

"A gutsy performance," said Tri-City coach Eldon Warfield. "It kind of hurts me more than it does them to lose after a comeback like that."

Warfield announced before the game that he will most likely return next season to manage the Tri-City squad. He had been critical this season about the lack of support from Post 113, but decided after a team meeting to return. "I can't take it out on the kids," he said. "We've got some good young players. I told them I'd definitely be back next season."

Tri-City was coached last season by Kirk Champion who had Warfield as an assistant. Prior to that, Conrad "Babe" Champion, former Granite City South baseball coach, was manager.

## Knaebel wins T-C feature event race

By JEFF EAVES

**GRANITE CITY**—Ed Knaebel of Jefferson City, Mo., won the 40-lap late model feature Friday night at the Tri-City Speedway. The race was the first in the two-day second annual "Independence 2000." On Saturday, July 5, the sprint cars competed at the speedway.

Knaebel started on the pole and led every lap to win the \$1,000 first prize and by winning the main event he also lapped the entire field starting from the outside first row.

Mike Wallace of Arnold,

Mo., who started on the third row pole gave Knaebel a real battle until lap 36 when Wallace was forced out of the race with overheating problems. Only seven cars were still running at the finish in the 20-car field.

At the finish behind Knaebel were Willie Johnston of St. Charles, Mo., Mike Cooksey of Centralia, Ill., Johnny Stevens of Jefferson City, Mo., Fred Jones of Mexico, Mo., Mike Null of Warrensburg, Mo., and Terry Gallaher of Hannibal, Mo.

Kevin Gundaker of St. Louis, Mo., won the first lap model heat over Willis

Johnston, Mike Wallace and Eddie Gray of Jefferson City, Mo. Ed Knaebel won the second heat over Mike Cooksey, Bo Smith of St. Louis and Mike Strope of Columbia, Mo.

Mike Barbeau of O'Fallon, Mo., won the third heat over C. C. Corbin of E. Alton, Ill. Kenny Shrum of St. Charles, Mo. and Rob Jones of Creve Coeur, Mo.

A special "King of the Hill" was run with the top 10 fastest cars for 10 laps and an extra \$250 for the win.

C. C. Corbin started on the pole position and led every lap until lap 9 when Mike Wallace passed him and went on to win over Corbin, Willie Johnston and Mike Barbeau.

On lap 7 a three car accident in turn three involving Tri-City Speedway point leader Kevin Gundaker hit Kenny Shrum and was forced out of the evening's action. In the feature Gundaker drove C. C. Corbin's backup car No. 27 but pulled in after breaking a water pump.

In the sportsman division, Tom Smith of St. Louis won the 20-lap feature in a wild race. Smith, who started on the pole, led every lap but on lap 19 in turn four Smith and Randy Bailey of Granite City collided and Smith had a badly damaged front end but still won driving the crippled No. 7 Camaro.

The WoO will race with the wings for the first time at the speedway, which will see some great racing on the half mile clay track.

## QC Businessmen win July Fourth Tourney

Special to the Press-Record

**GRANITE CITY**—It was hot. But you know that. All during this long searing weekend a large group of men and women gathered at the various softball parks around Granite City and had themselves a little tournament.

On the field, as always, that special brand of softball chatter, those enthusiastic cheers, rang out.

Maybe these people were even a little more enthusiastic. It was actually a pretty big tournament.

All this despite the sweaty faces and drenched uniforms that met the observers' stop

and think, "There must be a better way to spend a fourth-of-July weekend."

In the end two of the teams probably didn't mind the heat at all.

On the women's side of the affair, the Collinsville Comanches emerged as the champions in the Class AA tournament Sunday night.

Astro Travel of Granite City won the Class A Women's Tournament Friday night.

For the men, Quad City Business Men won.

The two rose to the top of a 40 team pack — 20 women's teams and 20 men's — in the double-elimination, four-day Class AA July Fourth Tournament sponsored by the Granite City Park District.

Play rotated among the three Granite City Park District diamonds, Wilson Park, Worthen Park and

West Granite.

For the men, things got interesting on the fourth, when the finals of the division were held.

Beginning at 1 p.m., QCMC beat Round Table 18-12 in the conclusion of the winners bracket. QCMC advanced directly into the finals, while Roundtable had to wait to see who won the final of the loser's bracket.

## Schrader wins Independence

By JEFF EAVES

Special to the Press-Record

**GRANITE CITY**—The second leg in the "Independence 2000" was held Saturday night, July 5, at the Tri-City Speedway as the super fast sprint cars and the MARA midgeys performed in front of an estimated crowd of 3,500 race fans. A total of 35 sprint cars and 37 mighty midgeys were on hand.

In the 40-lap sprint feature

Kenny Schrader of Ballwin, Mo., started on the first row outside and led from flag to flag to win the \$1,000 first place prize money. Schrader had to work for the win because Dean Shirley of Middletown, Ill., pressured but failed to pass him throughout the whole race due to slower cars. Behind Schrader and Shirley at the finish were Jack Ziegler of Marshall, Ill., Jerry Wiggs of Marion, Ill., Chuck Amati of

Freeman Spur, Ill.,

Danny Frye Jr., of St. Louis won the first heat over Cliff Cockrum of Benton, Ill., Jerry Russell of Springfield, Ill., and Russ Racine of Evansville, Ind. Kenny Schrader, driving the McDaniel Const. sprinter, won the second heat over Dean Shirley, Ron Standridge of Springfield, Ill., and Jerry Wiggs. Bill Baker won the third heat over Jack Ziegler, Bobby Davis Jr., of

Memphis Tenn., and Tony Robertson of Shelbyville, Ill.

Dean Shirley picked up an added \$250 for his victory in the trophy dash over Jack Ziegler, Kenny Schrader and Bobby Davis Jr. Chuck Amati, current point leader at the speedway, won the semi-feature over Randy Standridge of Springfield, Ill., Tony Weyant and Dick Rogers both of Springfield, Ill.

## Outlaws return to Speedway

**GRANITE CITY**—The World of Outlaws sprint cars will return to the Tri-City Speedway this coming Wednesday night July 9 at 8 p.m.

Steve Kinser of Bloomington, Ind., is the WoO current point leader and the favorite is expected to be on hand long with Sammy Swindell of Memphis, Tenn., who won the last WoO race at the speedway on May 28.

Also expected to be on hand will be Doug

Wolfgang of Souix Falls, S.D., Lee Osborne of Jamestown, Ind., Lee James of Linton, Ind., Tim Green of Sacramento, Calif., and Danny Smith of Linton, Ind.

Smith suffered a broken jaw when he flipped his car in turn one and was in the hospital for about one month.

The WoO will race with the wings for the first time at the speedway, which will see some great racing on the half mile clay track.

**GRANITE CITY BANK**  
When money markets go through the soaring and plunging we've seen during the past few months, there always seems to be a proliferation of investment schemes that promise to make you rich over night. Few of them ever produce what the investor hopes they will. What most people find they really need is an investment which offers a good return, has no risk, and can be made relatively easily. A passbook savings account has all those features.

Your money is insured (now up to \$100,000.00) by the Federal Deposit Insurance Corporation (FDIC) when invested in a savings account at your local bank. You have maximum flexibility. You build your investment at your own pace. If you need to make a withdrawal you are free to do so with no complications.

You pay no brokerage commissions and your earnings start immediately. Plus you receive a couple of important bonuses. First, self-satisfaction. Second, peace of mind. It's as sure as money in the bank ... You Can BANK On It!

In the MARA midgets Dave Ray of Davenport, Iowa, took the lead from Dean Shirley on lap 9 to win the 20 lap feature starting from the inside fourth row.

A rematch was played for the top spot.

Again the Comanches won, beating Jacobsmeyers 8-3. In the Class A Women's Tournament, Astro Travel of Granite City defeated ABC Electric of Granite City 4-3 in Friday's finale.

Behind Ray at the finish were Alan Brown of Kokomo, Ind., Duke DeRosa of Springfield, Ill., Jerry Russell, Jeff Haines of Deatur, Ill., Nick Gomerick of Belleville, Ill. and Gary Byers of Loganport, Ind. Russell of Springfield, Ill., won the first heat over Alan Brown, John Ritchie of St. Louis and Carl Monroe of Millstadt, Ill. Dave Ray won the second heat over Owen Shaw of Ashland, New Zealand, Duke DeRosa and Kenny Schrader.

## Fast-Pitch meet is scheduled

**CHICAGO** — The Official Fast-Pitch State Championship Tournament, sponsored by the Country Club Hills Girls Softball League, will be held on Saturday, August 2, Sunday, August 3, Saturday, August 9, and Sunday, August 10 at Wolf Park in Country Club Hills.

It will be a 32-team Tournament. The first round, will be single elimination. The 16 surviving teams will compete in a double elimination play-off.

The Tournament is for girls who have reached their 13th birthday by Dec. 1, 1980 and who have not yet reached their 19th birthday by December 1, 1980.

Any girl interested in entering the tournament can either write to the Country Club Hills Girls Softball League, P.O. Box 61, Country Club Hills, Illinois 60477, or call Sue Atkinson, League President at (312) 798-7722 or Mike O'Connor, Tournament Director (312) 798-6679 or Jan Strojni, Registration Director (312) 798-1133.

## Sportshorts

**GRANITE CITY** — The Granite City Burger King is sponsoring the annual Pitch, Hit, and Run contest Saturday, July 12, at Wilson Park at 10 a.m.

Pitch, Hit, and Run is the Official Youth Program of Major League Baseball and is open to boys and girls ages 8 through 13. More than 2 million children have participated in Pitch, Hit, and

Run. Each youngster gets points by competing in three categories: pitching, each competitor is allowed three throws into a target 45 feet away, each hit is worth 50 points; running a participant runs around the bases (60 foot path), score is determined by the time achieved; hitting, each contestant is permitted three swings with the longest fair fly counted

towards the total point score at one point per foot. Registration forms are available at all Burger King restaurants, the Granite City Park District office, and other locations around town. Registration will also be available the day of the competition.

Each participant will receive an iron-on patch and a certificate. Winners and runners-up in each age group will receive medals. The winners in each age group will continue on to District competition in St. Louis.

For further information, those interested may call the Granite City Park District at 877-3059.

# Kurilla's girls are among nation's best

## GC team headed for Cincinnati

By KEVIN ALLEN  
of the Press-Record  
GRANITE CITY — If girls' soccer ever becomes a high school sport in Granite City — and it looks as if it will soon — give folks like Bob Kurilla the credit for developing the players.

Kurilla is the coach of the Granite City Sheet Metal team, a group of under 16 year old young girls who will travel to Cincinnati on July 26 and 27 to take part in a midwest regional tournament, losing to a team from Ohio.

The girls will be part of the under-16-year-old division of the tournament sponsored by the United States Soccer Federation and Coca-Cola.

Granite Sheet Metal earned the right to advance to the regional tournament last month when it won its division at the state tournament at Alton.

Now it's on to the regionals — again.

"The girls are really not all that nervous about going, because they went last year," Kurilla said.

Only last year the team finished third at Madison, Wis., the site of the 1979 regional tournament, losing to a team from Ohio.

Kurilla's team was in the under-14 division then, a year younger and with a few tournaments less experience.

"We should be better off now. We've gone all

over for tournaments, and the girls really want to take it all this year," Kurilla said.

This is a team Kurilla developed. Most of the players have been together since its inception eight years ago.

Many of the girls have experienced, at least second hand, what it's like to compete for tournament titles. Three of the girls have brothers who played on state championship high school teams at Granite City South.

Karen DeRousse, sister

of Randy DeRousse; Sue Burnette, sister of Jack Burnette; and Chris Kessler, sister of Greg Kessler, all play for Granite Sheet Metal.

According to Kurilla, that's an asset.

"Their brothers come out some times and help them with their game, and they've all grown up in soccer families — it's bound to rub off," he said.

That may account for why now the soccer spotlight is beginning to shift toward the girls.

At least the female's achievements are

beginning to be recognized.

Five players from Granite Sheet Metal were chosen to participate in the first of a nationwide soccer talent program in Cincinnati this summer.

Key players: Carolyn Horbels, Michelle Loftus, Lori Jett, and Jamie Winter.

Winter is a Racine as representative of the best in the junior girls soccer.

They were all selected to play on the Midwest region team that competes against select

teams from three other regions of the United States.

A sixth Granite City girl, Laurie James, also played on the team.

Considering Granite City as yet has no high school program for girls, the local representation was, to say the least, impressive.

"We're behind other areas in that area of the sport," Kurilla admitted.

"I think there's plans for a girls high school team in the '81-82 school year, but most of the teams we'll face in Cincinnati are

select teams, girls who've played in school and were the best on their teams."

Kurilla's team on the other hand is strictly local. A group of talented girls who've been building toward this kind of tournament together for many years.

"There are eight teams in our division, and about 60 teams in the tournament," Kurilla said.

"But this is as far as we can go. There isn't a national tournament for girls in our division."

There is a national tournament for the under-19 division, though, and even if Granite Sheet Metal doesn't win the regional this year, there's something to shoot for in the future.

Meanwhile, the girls will try to further the reputation of Granite City soccer. And in the not too distant future they may be part of another high school champion.

NOTE: Not that their participation is any less important, a boys team from Granite will also make the trip to Cincinnati.

Finley Platting, a participant in the boys under-16 division also advanced to the midwest regional tournament last month by its division in Alton.

Unlike the girls, though, the boys team has a chance, if it sweeps the tournament, to advance to a national tournament later on.

people opened a fire hydrant near her apartment.

Five young men were also arrested at 3:50 a.m. Saturday on the parking lot at 4100 Kirkpatrick Homes, after a patrolling officer found one subject allegedly drinking beer.

Carl Steiner, 24, of St. Louis, was charged with trespassing and public consumption of alcohol. Tom Banks, 17, of St. Louis, was charged with disor-

derly conduct. David Chappell, 18, was charged as a minor in possession of alcohol and a 16-year-old juvenile was charged with unlawful possession of alcohol. Another 16-year-old juvenile found in the back seat of the car was charged with curfew violation.

Wanda Arnold, 3602 Kirkpatrick Homes, allegedly reported at 8:35 p.m. Saturday that a neighbor, was chasing two

boys, age 14 and 16, with a baseball bat.

The woman told the police the children in the housing project had been harassing her children.

Earlier last week, it was reported a large wooden cross was ignited in the yard of a resident in the 4000 block of Kirkpatrick Homes. The cross was still smoldering when found leaning against a post.

conditions and the declining market for standard-size automobile frames."

In a statement, Kelly said: "At the request of the company a meeting of the parties was held in the office of the Federal Mediation Service on Wednesday, June 25."

The company presented a final and complete offer for a three-year agreement consisting of a substantial wage increase as well as provision for cost-of-living increases. It also provided for numerous improvements in group insurance, pension, and other fringe benefits. The offer was the largest even made by the local company and was described as exceedingly generous considering business con-

ditions in the auto frame industry. The company asked that the union's bargaining committee present the proposal to the full union membership for ratification at the earliest possible opportunity to prevent the further loss of 1981 sedan business and the possible removal of customer-owned station wagon tools from the plant."

At a subsequent meeting also held in the office of the Federal Mediation Service on Thursday, July 3rd, the union responded with an array of proposals described by the company as being extremely excessive and unacceptable considering past discussions about current business conditions and the declining market for standard size automobile frames.

The company again repeated the terms of its best and final offer, estimated at approximately \$4.68 per hour over a three year period, and informed the union that the offer would be withdrawn if it were not ratified by the membership prior to Monday, noon, July 14, 1980.

As we have repeatedly advised the union during these negotiations, changes in design of future automobiles, declining sales of American-made cars, coupled with a long and costly strike have placed the existence of the Granite City plant in extreme jeopardy. The contract is needed to improve the unfortunate situation.

## Man arrested in fight with brother

Leroy John Metzger who resides in an apartment at 1314 and 10th Streets was arrested by Madison police on charges of battery, resisting arrest, disorderly conduct and assaulting an officer, following an argument and fight with his brother, Phillip Metzger of Lebanon, Ohio, at 11:35 p.m. Friday.

According to police, Phillip Metzger alleged he and his brother were arguing and the brother, Leroy, allegedly struck Phillip with a large stick and broken jar.

Phillip had lacerations to both feet and right wrist and an abrasion to his head and was bleeding.

Police went to the apartment and Leroy allegedly refused to let them in and after the police advised him he was under arrest. Officers said they had to use force to gain entry.

Leroy Metzger was taken to the station where, officers said he refused to give any information about himself and was put into a cell which he later flooded with water, according to police reports.

## 16-year-old struck, hurt

David Cantlon, 16, of 2021 Harris Ave., Madison, suffered injuries to his neck and lower lip during a disturbance in front of Victory Tavern, 809 Greenwood St., Madison, about 11 p.m. Saturday.

Cantlon said another 16-year-old approached him and challenged him to a fight. As the fight ended, Cantlon said, the other youth struck him from behind with a fire iron or other object. The youth then walked to Cantlon's auto and smashed the right rear window, he told Madison police.

Cantlon went to St. Elizabeth Medical Center where he was treated and was released.

## Study new zoning ordinance Thursday

Tom Wobbe, a planner with the Southwest Illinois Metropolitan and Regional Planning Commission, will present a proposed zoning ordinance for Granite City to the city's Plan Commission at 1:15 p.m. Thursday in the city council chambers in city hall.

Dave Morgan, chairman of the Plan Commission, says that a new city zoning ordinance is badly needed, so

the Plan Commission members may reach their recommendations based upon the zoning laws are not on the basis of popularity of a project or other considerations. Morgan has blamed poor attendance at many commission meetings on disputed projects seeking special use permits or vague zonings which subject commission members to unpopularity from some who

support or oppose those projects. He also said he feels the present zoning laws are dangerous, because they lack a sufficient number of zoning classifications. "If we grant business zoning in a residential neighborhood for a confectionery, that same zoning could be used later for a tavern," Morgan said as an example.

Once a new zoning ordinance receives the endorsement of the Plan Commission, it will be the subject of public hearings before the city council is

asked to adopt it. In addition to considering the proposed zoning ordinance, the Plan Commission is to consider a request by the Reorganized Church of Jesus Christ of Latter Day Saints for C-1 commercial zoning for property on the southeast side of the 3800 block of Maryville Road, about 1,000 feet south of Pontoon Road. The church is contemplating construction of an office complex at that location, which currently is zoned R-3 for single-family residential use.

## GED preparation planned by BAC

## To leave command here for new assignment

Captain Larry D. Chrisko, commander of the Headquarters Detachment at the St. Elizabeth Medical Center (SLASC) here (Army Installation), has been selected for the Army's Procurement Training with Industry (PTWI) program. He is scheduled to depart SLASC headquarters July 16. The captain, who has seven years of procurement experience, is one of only three people in the country in the Army Procurement field named to participate in this year's PTWI program.

The son of Mr. and Mrs. Howard Chrisko, Route 1, Rolla, Mo., Chrisko will serve a year of training with TRW, Incorporated in Redondo Beach, Calif. His assignment will be with Defense Contract Administration Services Plant Representative Office at McDonnell Douglas Corporation, Huntington Beach, Calif.

When asked about his expectations for the year of training, Capt. Chrisko said, "This program is a unique opportunity for me to observe and participate in management and operating decisions of a large business, with an emphasis on the Department of Defense acquisition process." "Certainly, this experience," he said, "will prove invaluable when in-

terfacing with industry in future procurement assignments." Capt. Chrisko has commanded the SLASC Headquarters Detachment for the past year. Prior to that he served with the Army Troop Support and Aviation Materiel Readiness Command (TSARCOM), which has its headquarters in St. Louis, as a contract specialist and contracting officer in the Directorate for Procurement and Production. He came to TSARCOM from a tour of duty in Korea with the Second Infantry Division.

A native of Rolla, Capt. Chrisko was graduated from Southwest Missouri State University, Springfield, Mo., in 1970 with a B.S. degree in Accounting. He attained his Army commission through the Reserve Officer Training Corps program at the university. The captain received his master's in Business Administration from Drury College, Springfield, Mo. Capt. Chrisko reports to TRW Incorporated in mid-August to begin his training. The captain and his wife, Connie, have two children: Shari, nine years old, and Jeffrey, five. The family lives at 38 Queen Ann Dr. in Hazelwood, Mo. Mrs. Chrisko's parents, Mr. and Mrs. Dick Mitchell, are residents of Rolla, Mo., Route 1.

**CAPT. LARRY CHRISKO**, commander of the Headquarters Detachment at the Granite City Army Installation is to leave here on a new assignment.

## Woman reports rape by three

A Granite City woman reported at 3:30 a.m. Friday she had been raped by three men following a party at the home of one of the men.

She said the men and two other women had been drinking at the local residence and after the two women left the men forced her to stay. They allegedly forced her into a bedroom and disrobed her.

She reported the three men raped her and forced her to commit other sex acts before releasing her. She was taken

to St. Elizabeth Medical Center for treatment and was released, according to the report.

## Group of boys damage home

Ronnie Cottrell, 2949 rear Warren Ave., heard a commotion in the street near his home one evening last week when he opened the front door to investigate. He noticed a group of about six boys in front of his home. One of the boys threw some of the liquid at the home, one of which went through the screen door and damaged the carpeting. The 11-year-old boy told him he was older model Oldsmobile, he said.

While the boys were cruising the area, looking for the auto, it went fast Cottrell's home again and the occupants yelled for help at Cottrell, he told police.

About one hour later, Cottrell reported that someone had kicked out the lower panel of the aluminum screen door at his home. Police stopped a car that had been questioned three young men in the auto. The three denied the previous incidents, but said they had been walking in the neighborhood when two men about 14 to 15 years old threatened them with a knife and a stick. The investigations are under investigation by police said.

## 'Super Den' strikes again

Members of Den 2, Pack 122, went to "The Magic House" in St. Louis and enjoyed the mazes, electronic games and other fun features of the amusement attraction. **GC man in book of top young men**

Timothy Paul Tice, Box 386, Granite City, has been selected for inclusion in the 1980 edition of Outstanding Young Men of America.

Also in the book are James Carl Brooks, Buffalo Grove, Ill., Michael Joseph Stern, Edwardsville, and Terry Michael Moore, Fort Lauderdale, Fla.

The board of advisers for the award program said those listed in the 1980 edition were selected from nominations received from senators, congressmen, governors, mayors, state legislators, university and college presidents, deans and various civic groups, including the Jaycees.

Doug Blankenship, board chairman, commented, "In every community there are young men working diligently to make their cities and country better places in which to live. Having distinguished themselves in one or more fields of endeavor, they deserve to be recognized for their achievements. The criteria include voluntary service to the community, professional leadership, academic attainment, business advancement, cultural accomplishments and civic and political participation."

The judging covers the age group of 21 to 36.

## Isabelle Hall and Dr. Roman are wed

Miss Isabelle Ann Hall, Granite City, and Dr. Ricardo Jose Roman, Chicago, formerly of Nicaragua, exchanged wedding vows in an afternoon ceremony on June 21 at St. Joseph Roman Catholic Church.

The Rev. Martin Mangan performed the double ring service at 2 o'clock before an altar decorated with bouquets of white flowers and greenery.

Parents of the bride, Mr. and Mrs. Donald J. Hall, reside at 2407 Edison Ave. The groom is the son of Adolfo Roman of Chicago, and the late Mrs. Carlota Roman.

Serving as altar boys were Paul Rhodes and Jeff Fedora. Escorted to the altar by her father, the bride wore a long ivory lace gown designed with a cowl collar, long sleeves and a slim skirt.

Her shoulder length veil of

bridal illusion was secured to a lace camelot headpiece and she carried a bouquet of white rose buds with sprigs of baby's breath and greenery.

Mrs. Margaret McSheehy, a sister of the bride, was matron of honor and Tom Quertemus attended the groom as best man.

The honor attendant was attired in a floral formal length dress in pastel colors, and she held a pink rosebud arrangement.

After the ceremony, a reception was held in the home of the bride's parents. The bride graduated from Northwestern University Kellogg Graduate School of Management, Dr. Roman was graduated from University of Chicago Pritzker School of Medicine.

They are now residing in Dallas, Texas, following a wedding trip through the southwestern states.

## New Class X felony law a move to protect people

The pendulum swings, back and forth. Prosecutors and law enforcement officers have been contending for years that the pendulum has swung too far on behalf of protecting the criminals, making it difficult to imprison them, crimes. Defense attorneys and those wrongly accused of crimes disagree strongly.

The Illinois Legislature has taken action to swing the pendulum back, somewhat, tightening up the law making it mandatory that any criminal convicted of his third Class X felony within 15 years of the first conviction be incarcerated for the rest of his life. Governor James Thompson has promised to sign the bill.

The so-called "three time loser" law, in its modified form, has been needed for a long time, as can be evidenced locally by career criminals on the streets who are released time after time by the prisons after serving only a fraction of the time to which they were sentenced.

However, careful application of the law is needed. It has a built-in safeguard. Jurors which do not feel a defendant before them should serve the rest of his life in

prison have the option of finding him guilty of a lesser offense, taking the crime out of the Class X category.

If the state's attorney's office feels there are "extenuating circumstances" which should remove a crime from its Class X category, a lesser charge can be authorized.

This possibility is being viewed negatively by law enforcement personnel, but they might provide a necessary "safety valve" in the inflexible system requiring life sentences.

Class X felonies have been defined by the legislature as rape, heinous battery, aggravated kidnapping, armed robbery, deviate sexual assault, aggravated arson, treason, armed violence and certain serious drug offenses.

The possibility of a lifetime in prison should be a strong deterrent to those who already have been marked "X" twice in the past 15 years. That is the idea and we hope it works. It is about time someone looks out for the survivors, the law-abiding citizens, even if it denies repeat felons some of their "rights."

## Punitive damages to county would reduce verdicts

Gigantic amounts of money awarded by juries in civil cases are having a drastic and detrimental effect on our lives, numerous economic experts have contended recently.

The multi-million dollar damage awards, inflated further by punitive damages, are being responsible for increasing doctors' bills, since they have to pay medical and malpractice insurance premiums in amounts which would stagger the average worker.

In one local case, the \$9.2 million awarded developer Jim Green in his libel suit against the Alton Telegraph newspaper, which includes \$2.5 million in punitive damages, is threatening the existence of the paper. Insurance will cover only a small part of the judgment and time for raising the rest is inadequate.

The Telegraph has received an extension until Aug. 3 to file post-trial motions, but will probably be unable to hold the judgment at bay much beyond that date. Even if it appeals the judgment, it still must post \$9.2 million in security as the appeal bond and that kind of money does not grow on trees.

It could have been worse, however. One of the jurors from that trial told a Press-Record reporter recently that the jury wanted to award \$10 million in punitive damages to Green, but were under the mistaken impression that the punitive damages would go to the county.

They asked the bailiff to have the judge

clarify the question, but Circuit Judge Charles Chapman said it was "too late" to answer such a question, during the deliberations, so the jury settled on the \$2.5 million in punitive damages.

Had their question been answered, according to the juror, the punitive damages would have been \$10 million, upping the total judgment to \$18.7 million, rather than \$9.2 million.

Carl Monroe, editor of the Collinsville Herald, has speculated that the jury modifications in the legal system could reduce the cost of living for all of us. He suggests that the U.S. follow Canada's lead and outlaw attorney fees by a percentage of the total judgment, which would reduce the incentive for attorneys to ask for outlandishly high judgments, far exceeding the amount of actual damages the plaintiff suffered.

He also suggests that punitive damages be given to the county, rather than the defendant, noting that the defendant already has been fairly compensated for his loss and that juries would tend to award smaller amounts, if the county was getting the money. The Jim Green case is a good example.

The county could always find a use for the money, in the public good. Perhaps believing such laws could pass in a legislature dominated by attorneys is dreaming, but there are worse things to dream about.

## Homemakers hear Mrs. McElroy

"Understanding Diabetes" was the subject of the major lesson presented by local leader, Freddie McElroy, at the noon meeting of the Granite City Unit Homemakers Extension Association.

The meeting, held at the Nameoki United Presbyterian Church, was preceded by a potluck luncheon.

Wilma Owens, chairman, opened the meeting with the pledge of allegiance to the flag. A "silent auction" was held with all monies donated to the association.

Anne Fare installed the slate of new officers: Elizabeth Schmidt, chairman; Irma Taylor, first vice-chairman; Martha Melloy, second vice-

chairman; LaNell Lessee, secretary; Freddy McElroy, treasurer.

Alma Beckman read a free verse poem, composed by Arlene Brinkmeyer, relating the events of the state meeting held in Champaign, Ill.

It was reported that an Officer's Training Session will be held on Aug. 29 at 9:30 a.m. at the Edwardsville Farm Bureau. The next regular meeting will be held on Sept. 2 at the church.

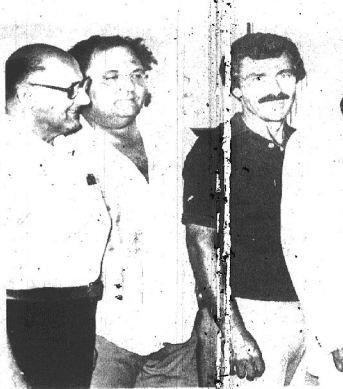

Two guests and twenty-seven members were in attendance, including Alma Beckman, Hazel Cline, Adele Deloyle, Bessie Grasso, Hulda Griffiths, Carl Hoffman, Bernice Johnson, Jeanette Kraus, LaNell

Lessee, Antoinette Lynch, Freddy McElroy, Martha Melloy, Anna Michaels, Wilma Owens, Ann Paisgrove, Anne Pare, Helen Parks, Madge Ramsey, Elizabeth Schmidt, Elsie Stephens, Irma Taylor, Louise Thompson, Martha Taylor, Laura Travis, Adele Wasylyk, and Mary Zikovich.

## News notes

The Illinois Legislature would begin a months-long battle this week by approving a measure designed to cut buses and reduce some of the costs in the workers' compensation system. I am very pleased with the bill, Gov. James R. Thompson said, adding that he would sign it "as is."

Illinois legislators voted last week to back down from the plan to benefit increase they had voted themselves the previous night. Both the House and Senate voted to reconsider the legislative action, with some legislators' shaking up at the press for unfavorable publicity about the pension action, passed with minimal debate.

The legislature approved a bill reducing the \$30 tax on sale of a lot six years old or more and trailers between private individuals. The tax would remain on newer vehicles.

For the Stateville prison ward, Marvin Reed, his wife and eight other persons have pleaded innocent and asked for a jury trial on charges they were involved in an automobile theft ring.

The Catholic Preservation Alliance, a group formed in Edwardsville in an effort to preserve the old Madison County Jail, proposes to offer a purchase price to the Madison County Board for the Civil War-era structure. The board has indicated it is not interested in saving the building.

The Bi-State Transit System as of Thursday had 417 buses with fully operating air conditioners, compared to the 774 buses needed on the street to meet peak demand. Officials say they expect to significantly improve the number of cool buses before the end of this summer. It had been hoped to have all buses air conditioned by July, but this was thwarted by a variety of factors, including abnormal hot weather that caused failure of cooling units and also failure of buses due to engines and transmissions overheating.

Under a court administrative order issued Thursday, Circuit Clerk Willard Portell is releasing fines to municipalities more quickly. The previous method was to retain such funds until all of a fine was paid, but now partial payments also will be forwarded.

The Delta Queen passed northward through the local river on Friday and the Mississippi Queen followed on Saturday. They had reenacted the race between the Natchez and the Robert E. Lee of 110 years ago, with the Mississippi Queen winning at St. Louis on the Fourth of July.

**MYRTLE BURGLARY**  
A \$40 electric staple gun and a box of staples were stolen from the home of Sandra Webb, 2805 Myrtle Ave., between 12:45 and 1:35 p.m. Sunday. Entry was believed gained through an open window.

**FORMER RESIDENT DIES OF INJURIES**  
John Apperson of Granite City will present a magic show at 11, 3 and 7 Friday at St. Clair Square.

A non-partisan reception honoring Congressman Melvin Price is set for 7 p.m. Monday, July 7, at Fischer's Restaurant, 2100 W. Main St., Belleville. Tickets costing \$20 each may be purchased at the door, according to Robert J. Faust, chairman of the testimonial committee. He said the purpose is to express appreciation to Cong. Price "for the tremendous service and leadership he has given us."

Governor James R. Thompson on Thursday signed legislation expanding the state's Class X sentencing, with a goal of "slamming the prison door" on violent criminals after their third conviction.

James J. Zogel, director of the Illinois Revenue Department, will replace Dan K. Webb Aug. 15 as director of the Illinois Department of Law Enforcement. J. Thomas Johnson, assistant director, was named director of revenue. Dr. Ivan Pavlovic has been chosen as acting director of the Department of Mental Health and Developmental Disabilities.

Gov. Thompson last week praised the General Assembly for producing no tax hikes, for making several changes in workers' compensation, for providing further sales tax relief on food and drugs, and for expanding circuit breaker tax relief for the aged and handicapped. He assailed the legislature's decision to not set new spending and taxing limits for local governments. He described the lawmakers as "conservative this year, but added that appropriations still exceed projected revenue by a half billion dollars.

R. Dron Electrical Co. is the low bidder at \$95,114 to install traffic signals and perform other work at the intersection of Nameoki Road and Jill Avenue. The advance estimate was \$96,900.

## Former resident dies of injuries

A former Granite City man, Eric "Rich" Hahn, 30, who now resides at 1210 B State St., Collinsville, died at 1:50 p.m. Friday, July 4, at Firmin Desloge Hospital, St. Louis, of injuries sustained in a motorcycle accident on June 29.

Police said Hahn was southbound on Illinois 150 on June 29 when he ran off the roadway south of Hollywood Heights Road and collided with a turning auto. No charges were filed in connection with the incident.

He has been hospitalized since the accident. Related information is given in the obituary column of today's issue.

**BLOOD DRIVE MEETS GOAL**  
The three-day Quad-Cities Red Cross blood drive, sponsored by the Church Women United, which ended Thursday in Madison, netted 365 pints of blood.

The goal was 320. Last year the group collected 400 pints.

Co-chairmen of the event were Mrs. Jo Ann Bennett and Mrs. Louis Anderson.

The Church Women United will sponsor another drive in December near Christmas.

**FIRE AT 5:55 P.M.**  
Sunday caused an estimated \$800 damage to the home of Robert Kohenskey, 1907 Spruce St. The fire started in a mattress, possibly as a result of children playing with a cigarette lighter.

Firemen said flames spread on the floor, causing \$300 damage to the building and \$500 to its contents. Firemen hosed on the scene 36 minutes.

**MAN ARRESTED AT INTERSECTION**  
Mrs. Dorothy Batey, 20, of 2444 Jerden Ave. was stopped at Pontoon and Johnson roads at 8:40 p.m. Saturday by the police as he did not wear glasses while riding a motorcycle.

He was arrested on a warrant charging theft and failure to pay and also charged with driving with a revoked drivers license.

**ALMOST DROWNED**  
Mrs. Dorothy Batey, 40, of 505 Kirkpatrick Homes was admitted to St. Elizabeth Medical Center for chest surgery on July 4, 10:20 p.m. Tuesday. Mrs. Batey was wading in Horseshoe Lake near Highway 111, and became entangled in weeds.

According to the Madison County Sheriff's department, she was rescued by the Long Lake Rescue Squad at 8 p.m.

**3200 BURGLARY**  
Peggy Long arrived at her home at 1706 Cleveland Blvd. at 10 p.m. Friday and discovered the apartment had been ransacked. It was reported. Stolen were a 1/2 inch black and white television set valued at \$90; frozen meat from the refrigerator costing \$30 and 25 records valued at \$200.

**55,000 FIRE DAMAGE**  
Fire caused an estimated \$55,000 to the home of Shirley Reed, 3000 Emize Ave. at 6:32 p.m. Thursday. The fire started in the main fusebox and spread to a bedroom and closet, firemen said. The owner of the house is Wanda Schrader. Damage was estimated at \$3,000 to the building and \$2,000 to its contents. Firemen were there one hour.

**TYPEWRITER THEFT**  
Burton Bernard, Granite City attorney, reported to the police an unknown person entered the unlocked front door of his office located at 3600 Nameoki Road and stole an IBM electric typewriter at 12:30 p.m. Saturday.

Bernard was in the rear office at the time of the theft, according to the report.

**CAR DEMOLISHED**  
Fire destroyed the auto of Gene Hoffmann, 8 Oaklawn Terrace, on Parkway Drive at 12:30 p.m. Sunday. Defective wiring is believed to have started the engine on fire and the flames spread to the interior. Damage was estimated at \$1,000. Firemen fought the blaze for 25 minutes.

**FIRE DESTROYS AUTO**  
Fire destroyed the auto of Lamont Lantini, East St. Louis. The Weaver and Jackson streets in Madison between 3:15 and 3:30 a.m. Sunday. Damage was estimated at \$2,500.

**MR. AND MRS. HARRY D. SMITH** whose wedding took place at Nameoki United Methodist Church. A daughter of Mr. and Mrs. Jack O. Mathews, 6310 Garner, Groves, Texas, the bride is the former Nancy Mathews of Granite City.

## Nancy Mathews becomes Mrs. Harry D. Smith

Miss Nancy Mathews, 2825 Madison Ave., and Harry D. Smith, 1833 Bremen Ave., were united in marriage at 4 o'clock in afternoon of May 31 at Nameoki United Methodist Church.

Performing the double ring ceremony was the Rev. Eugene Seaman, pastor of the church, and the Rev. Robert Krause, an uncle of the groom.

A program of selected nuptial music was provided by Norbert Schultz at the piano.

The bride is a daughter of Mr. and Mrs. Jack O. Mathews, 6310 Garner, Groves, Texas. Parents of the groom are Mr. and Mrs. Harry W. Smith, 17 Meadowlark Court.

For her wedding, the former Miss Mathews selected an ivory silk wedding gown worn with a veil of bridal illusion secured to a halo of baby's breath.

## Bethel 43 installs guardian officers

Installation of guardian officers and the school of instruction for newly elected officers was the highlight of a meeting of Bethel 43, Order of Job's Daughters, held at the Masonic Temple with Queen Kathy Bronsman presiding.

Mrs. Sandy Simpson assisted during the school of instruction advising officers Kathy Bronsman, Teri Robertson, Jeanie Holt, Suzi Sandall, Sherri Ashal, Melissa Dickerson, Jennifer Bennett, Melissa Travis, Shelle Knight, Susan Beasley, Chris Hackney, on proper procedure for conducting meetings of the order.

Also instructed were problems for the evening Kathy Sandall, Becky Cooper, Sandy Sternberg, Diane Koltmeyer, Kim Ebersole and Sherri Hancock.

Martin Love conducted the installation of Bethel guardian council. He was assisted by Suzi Sandall, guide; Sherri Ashal, Marshal; Becky Cooper, chaplain; Kathy Sandall, recorder; and Susan Beasley, musician.

Those installed for the ensuing term of six months were, executive council members Beth Baker, associate Beth guardian, Mrs. Charlotte Root, guardian secretary; Mrs. Shirley Lane, director of music; and associate council members Mrs. Sandy Simpson, director of Epochs; Mrs. Joy Caschetta, custodian of paraphernalia; Mrs. Delora Baker, director of sociability and Mrs. Willetta Beasley, director of finance.

Mrs. Rebecca Slate, Bethel guardian and Richard Sandall, guardian treasurer, will be installed at a later date, it was announced.

Love then presented a trophy to the Bethel from the Shriners for a third place trophy entered in the Shriners Circus parade.

Melissa Travis gave the librarian's report, entitled, "Smile."

## Matyas' observe 25th year

Mr. and Mrs. Thomas F. Matyas of Granite City celebrated their silver wedding anniversary at a gathering for family and friends at their country home in Berryman, Mo.

The day was spent picnicking and swimming, followed by a wiener roast and a fireworks display. A champagne toast was offered in honor of the couple.

Among the guests were a son and daughter-in-law, Roger and Julie Matyas, sons, Shayne, Andrew and James Matyas, and Miss Cheryl Doty, all of Granite City.

Mr. and Mrs. Bruce Williams of Berryman, Bob Sutton and Nancy Steward of St. Louis, and the couple's grandchildren, Tommy, Mike and Danielle Matyas.

## Residents treated at local hospital

Area residents treated at St. Elizabeth Medical Center for injuries sustained during the weekend included Linda Scott, 19, of 1218 Iowa St., Madison, who was involved in a motorcycle accident. She was taken to the medical center at 10:36 a.m. Friday.

She sustained an abrasion to the left knee and foot. Loren Worthen, 47, of 1100 Niedringhaus Ave., also was in a motorcycle accident and sustained an abrasion to the left elbow in an accident at 1 p.m. Friday.

Charles Scott, 20, 1218 Iowa St., went to the hospital at 6:55 p.m. Friday for treatment of a laceration to the left forearm and left knee following a motorcycle accident.

Kathy Colton, 19, of 5100 Collinsville Road, was involved in an auto accident and taken to the medical center at 2:35 a.m. Friday for pain to the ankles and head.

Benjamin Lofing, 25, of 1667 Third St., Madison, was treated at the medical center at 2:25 a.m. Friday for abrasion to both hands, abrasion to left knee and elbow.

In other accidents Shirley Claxton, 42, of 3252 Carlson was taken to the medical center at 5:30 p.m. Thursday for treatment of laceration to lips and pain in right arm. Her son, James Claxton, 14, of the same address had an abrasion to the right side of his chin.

All the above were released after x-rays and treatment.

Admitted for pain to the back as a result of a motorcycle accident was Arthur Johnson, 41, of 4587 Arthur St., at 6:50 p.m. Friday.

## Off-Campus group to meet

Granite City School District's Citizens Advisory Committee for Off-Campus Education will meet at 6:30 p.m. Tuesday at Charlie's Restaurant for its annual election of officers.

A Dutch treat dinner will be served prior to the business meeting, according to Don Shaffer, Off-Campus coordinator.

The business agenda also includes a review of the annual student-employer banquet, an update on fall registration and plans and suggestions for the fall program.

Members unable to attend are asked to call 877-1512, extension 68.

## Plan seminar on word processing

Computer Station is offering a free seminar on word processing on Wednesday, July 23, at 10 a.m. at 12 Crossroads conjunction with the declaration of Word Processing Day in Granite City.

The seminar will cover the general principles of word processing and how it compares with regular typing. Attendees will see an electronic typewriter in action and are invited to ask questions.

Anyone interested in word processing but unable to attend the seminar scheduled for July 23, may call Lynn Sullivan at Computer Station (618) 452-1860 to make arrangements for an alternate date.

## Donna Koski marries James Mark Murphy

Miss Donna Marie Koski, a daughter of Mr. and Mrs. Tony Koski, East St. Louis, and James Mark Murphy, son of Mr. and Mrs. Marcus Murphy Sr., Washington Park, were united in marriage Saturday, July 5, at St. Martin of Tours Church in Washington Park.

The Rev. Walter Macpherson officiated at the double ring ceremony at 5:30 p.m. in the evening. A reception for guests followed the service at the Moose Lodge on Bunkum Road.

Among the guests attending were relatives of the bride from Granite City. For her wedding, the former Miss Koski chose a full length with lace A-line style gown accented with lace motifs embellished with steel pearls.

The appliques were repeated on the long full sleeves and the slightly full skirt.

She carried a bouquet of white and red roses. Maid of honor Mrs. Dianne Turley, a sister of the groom, and bridesmaids Barb Reuter and Connie Koski, sisters of the bride, were gowned in rainbow cold-dresses in yellow, lilac and violet hues.

Sister Dunn, a cousin of the bride, was the flower girl. She wore a blue frock and carried a basket of blue and white blossoms.

Jeremy Reuter, the bride's nephew, served as the ringbearer. The groom chose his cousin, Joe Gunn, as best man. Darwin Turley, the groom's brother-in-law, and Dennis Gillespie, Mark Koski and David Gunn, cousins of the bride, completed the corps of groomsmen and ushers.

Patricia Kern entertained the wedding party at a rehearsal dinner.

This bride is a graduate of Assumption High School and was employed as a waitress at Fairway Bowl in Fairmont City. Her husband was graduated in 1976 from Carthage High School and presently works as a musician in the Gunn Brothers Band.

Accident victims treated at hospital: Charles Schwertman, 3180 Davis Ave., and Doris Shaner, 1302 Kirkpatrick Homes, were treated for injuries sustained in an accident at 5:35 p.m. Thursday at Myrtle and Joy avenues.

Schwertman said he was attempting to make a right turn from Joy Avenue onto Myrtle Avenue and he lost control of the car and struck a tree.

He was treated for a laceration to the left side of the chin and Mrs. Shaner was treated for abrasions to the right elbow and knee and both were released.

## Aluminum recycling is growing

Reynolds Aluminum Recycling Co. experienced the most dramatic growth in its six-year history of collections in this region during the first half of 1980. The volume of aluminum cans and other household aluminum rose 44 percent over the first six months of 1979.

Locations include the Crossroads Plaza Shopping Center, Namecki and Pontoon roads, Granite City, every Friday from 12:30 to 3:30 p.m.

The Reynolds Metals Co. subsidiary pays the public 23 cents a pound for all-aluminum cans and other clean aluminum, such as pie plates, aluminum foil, frozen food and dinner trays, and

dip, pudding and meat cans. It also buys other aluminum items, such as siding, gutters, storm door and window frames, and lawn furniture tubing—cut to lengths not exceeding three feet and banded.

Aluminum castings, including pots and pans, power lawnmower housings and barbecue grills, are also purchased and recycled by Reynolds.

Residents of the

metropolitan St. Louis area, including Madison and St. Clair counties, turned in 1,374,300 pounds in January through June this year, compared with 954,600 pounds in the first half of last year, and received over \$320,000.

## Tree limb pickup an issue again

The annual battle over tree limbs in the streets of Granite City was waged again at the city council's last meeting.

Alderman Roy Poulos of the Third Ward complained that there are dry limbs in the gutters and streets throughout the town and said Street Superintendent Lionel Portell will not have them picked up.

He noted that in past years, limb pickups have resumed only after the fire department informs the council that the limbs are creating a fire hazard.

Alderman Warren Decatur of the Fourth Ward said the street department has to devote most of the summer to essential services, such as repairing streets and broken sewer lines and replacing sidewalks, curbs and gutters. "Let them (the residents) have their own

limbs hauled away. The city can not do it all year," he said.

Alderman Charles Douglas of the First Ward said there would be no problem with dried limbs in the streets if the council would allow residents to burn them. Paula Case, head of the city's Air Pollution Control Department, said it is against state law to burn limbs, so the council could not give residents that permission. She said that dry leaves can be legally burned on days when there is a sufficient breeze to blow the smoke away.

Alderman Michael Modrusic of the Second Ward, chairman of the council's street and alley committee, said he would talk to Portell and attempt to reach an agreement on having the limbs picked up.

Since Portell is elected street superintendent by the residents of the city, neither the mayor nor the council have the authority to order him to resume the limb pickups in the city.

## Social security questions answered

Social Security and Supplemental Security Income (SSI) payments have increased 14.3 percent. The increase took effect on the July 3 Social Security check and the July 1 SSI check.

Social Security and SSI checks increase automatically each year if the average monthly consumer price index for urban wage earners and clerical workers rises by 3 or more percent over a specific period. The benefit increase of 14.3 percent for this year

was based on the increase in the CPI (Consumer Price Index), from the first quarter of 1979 through the first quarter of 1980.

This 14.3 percent increase raises the average Social Security benefit from \$289 per month to \$330 per month. The maximum benefit for a worker retiring at age 65 in 1980 will increase from \$572 per month to \$653. The minimum will increase from \$133 to \$153.

Since January 1970, Social Security benefits have increased 115 percent. A beneficiary does not have to apply for the increase in benefits. It is computed and added to the checks automatically.

### Three men pose as utility employees

Three men posing as gas meter repairmen and air conditioning repair workers are apparently in the Granite City area calling at the homes of elderly persons, and while one talks to the owner the other two take money in the residence.

A granddaughter of a 90-year-old woman, who resides on Rhodes Street, said when she arrived to take the woman shopping three males drove away from the house.

Her grandmother reported the three told her they were from the gas company and were there to check for gas leaks in the area. One took her outside to check a pipe while the other stayed in the house.

After they left the elderly woman found \$25 was missing from her purse and a \$5 bill was taken from a shelf above the stove.

Two men answered the description of the trio tried the same story again on a woman residing at an Anchorage Homes, by telling her of a gas leak. A guest was in the home and after she refused to check a pipe the story one man told her the service call would cost her \$6 if billed but she could save money by paying him \$5. She refused and they left after rifling through a basket on her living room table.

When police officers arrived and questioned a neighbor she told the officers the men had visited her apartment inquiring about repairing her air conditioner, which she said was alright.

### Rites held for Mrs. Leola Isom

Funeral services were held at 1 p.m. Tuesday, July 1, at Mercer Mortuary, 1416 Niedringhaus Ave., for Mrs. Leola "Peggy" Isom, 61, of 2971 Washington Ave.

Mrs. Isom died at 2:05 a.m. Sunday, June 29, at St. Elizabeth Medical Center. She was born in St. Louis and resided here 30 years. She was of Protestant faith.

Her husband, Ralph O. Isom, died May 27, 1970. Mrs. Isom had no children or grandchildren.

Mrs. Myrna Stark of Granite City is her niece and a daughter of Mrs. Fern Wright, Vienna, Ill., a stepaunt of Mrs. Isom, and Richard Wright, of Collinsville.

Other survivors include her mother, Mrs. Grace Shackelford, Granite City, and nieces and nephews. Burial was at Sunset Hill Cemetery, Edwardsville Township.

## Speed bumps for Kirkpatrick?

Speed bumps as one means of halting speeding motorists and hot rodding in Kirkpatrick Homes is under consideration by city officials, the city council was told at its last meeting.

A petition from nearly 400 residents of Kirkpatrick Homes asked the council to

try and find something to better control reckless drivers and protect the children in the housing project.

City Attorney John Papa said he feels the city may be responsible for any accidents or damage to

## Social security raised

"SENIOR HOT LINE"  
By L.T. GOV. DAVE O'NEAL

This week's column deals with the topic of social security benefits. Answers were provided by the Social Security Administration.

Q. How much could an eligible couple expect to receive in SSI benefits?

A. The maximum Federal SSI payment for an eligible couple is \$312.30 a month. However, eligibility for SSI depends upon income and resources, as well as living arrangement. Any persons 65 or over, or blind, or disabled should contact their local social security office if they think they may be eligible for SSI benefits.

Quad-Cityans may write or call L.T. Gov. Dave O'Neal's Senior Action Centers at 160 N. LaSalle, Chicago, 60601, or 3 West Old Town Mall, Springfield, 62701, with questions or concerns about any state government agency or program. Call statewide toll free 800-252-6868 or metropolitan Chicago 312-793-3353.

Q. How much must a person be paid in 1980 to earn a quarter of social security coverage?

A. In 1980, a person earns one quarter of coverage for each \$280 of covered annual earnings. No more than four quarters can be earned in a year, however, regardless of total earnings.

Q. Are social security benefits payable for the month of death?

A. No benefits are payable for the month of death. For example, if the beneficiary dies in October, the check dated November 2 (which is payment for October) should be returned unless the check is made out jointly to a husband and wife. In that

case, the survivor should ask at the social security office whether to cash the check.

vehicles caused by speed bumps they put in, since bumps are considered obstructions under the law.

"However, he said, a set of speed bumps which are not too high may present little chance of liability and may help protect the children.

"The city must choose between equity and the benefits."

He said that if the proper kind of speed bump is selected and if it is kept brightly painted and clearly marked, the city should have little risk of the bumps causing accidents, rather than preventing them.

He suggested that the police be asked to strictly enforce the 15 mile-per-hour speed limit in all of the alleys of Kirkpatrick Homes to discourage speeders and reckless drivers, in cars and trucks and on motorcycles.

City Engineer Monroe Brewer said he is confident he can find the right kind of speed bumps to suit the needs of the residents, without posing an unacceptable risk to the city of lawsuits.

Alderman Charles Douglas said he feels a 10 mph speed zone should be established in Kirkpatrick Homes and that the city should be clearly marked.

The council also should study speed bumps and other traffic control devices, he stated.

"It is more important to protect the children than to worry about a suit from the damage to someone's car," Douglas, who is an attorney, said.

Alderman Paul Ray Bowler of the Seventh Ward warned that the greatest liability to the city from speed bumps may be from potential injuries to bicyclists and pedestrians, not motor vehicle operators.

"If a kid on a bike falls on a speed bump, or someone walking falls over a bump, we are liable," Bowler said.

Alderman Sam Whitmer of the Second Ward said he would have no objection to speed bumps in Kirkpatrick Homes, if the rest of the taxpayers of Granite City could be held harmless from lawsuits. "In that area, we will have a lot of lawsuits," he predicted.

The aldermen approved a motion that the city attorney bring in an ordinance for Kirkpatrick Homes setting a 10 m.p.h. speed limit and authorizing any types of speed control that an engineer and the attorney agree are feasible.

## Air squadron holds reunion

The 33rd Photo Reconnaissance Squadron Association's fifth reunion was held in St. Louis at the Airport Hilton Inn July 4-6. The 33rd PRS was a Squadron assigned to the 363rd Tactical Reconnaissance Group with the 9th Air Force in World War II.

The squadron flew combat missions from England, France, Belgium, Holland and Germany. For this participation, the squadron received five battle stars, the Presidential Unit Citation and the Belgium Fourre Guerre.

The 363rd was the first American Air Group to fly combat against the Germans from German soil. The 33rd PRS was the only reconnaissance squadron to be credited with a German ME 109 kill. What made this exceptional is that kill was accomplished in a P-38 reconnaissance type aircraft which was unarmed. The 33rd flew the largest single combat mapping mission during WW II.

The aldermen approved a motion that the city attorney bring in an ordinance for Kirkpatrick Homes setting a 10 m.p.h. speed limit and authorizing any types of speed control that an engineer and the attorney agree are feasible.

## Larry Libby to appear in west coast theater

Larry Libby, son of Mr. and Mrs. Charles Libby of Granite City, will make his West Coast theatrical debut with the Flag Theater Co. of San Francisco at the Victoria Theater July 11 through 13.

He will portray the role of Karpis in Bertolt Brecht's revolutionary drama entitled, "The Mother."

Libby has appeared in several local productions while residing in both Granite City and St. Louis. His most recent local performances were with the City Players of St. Louis in "The Bear" by Anton Chekhov. Being leaving the area he is directed "Plaza Suite" by Neil Simon for Christ Church Cathedral's Flower Festival in St. Louis.

The former resident moved to New York where he has made his home until he is called to perform in the San Francisco stage play for the summer. He plans to return to New York in September to continue his studies in theater and dance.

**ROYCE REALTY**  
**2862 MADISON AVE. 876-5050**  
**"WE'RE HERE FOR YOU"**  
**WE'RE SOLD ON YOUR HOUSE BEFORE WE SELL IT.**

Our theory is simple. We take the time to know your house, price it correctly, and discover its distinctive features. Because when we're sold on it, it's much easier to find the right buyers and close the sale.

Then, we even save you time after the sale by helping with the time-consuming paperwork. It's all a matter of spending our time wisely so it doesn't waste yours. This is another reason why CENTURY 21 helps more people buy or sell their homes than any other real estate sales organization in the world.

## In Memoriam 33

**IN LOVING memory of EDWARD F. SKINNER, who passed away July 7, 1980. There's a road they call remembrance. Where thoughts and wishes meet; That road we travel day by day. To one we cannot forget. Such happy days we once enjoyed, how sweet their memories still. But death has left an empty seat. This cause may never fill. You've left behind the aching heart, That loved you most sincere. We never could and never will. Forget you husband and father dear. Sadly missed by Wife Pearl, Son Bill, and Grandchildren. 33 7 7**

**The Office of Manpower Development (OMD), serving Bond and Madison Counties through the Comprehensive Employment and Training Act (CETA) as amended, received preliminary planning estimates for Fiscal Year 1981 from the Department of Labor. As mandated, the preliminary FY '81 Comprehensive Employment and Training Plan (CETP) has been submitted for review and comment. Annual plans for the fiscal year 1981 are being developed. Activities designed to overcome barriers to labor force participation, or to provide transitional public service employment, related training and services for unemployed, economically disadvantaged persons. Title II-D: \$2,862,000.00 — to provide transitional public service employment, related training and services for unemployed, economically disadvantaged persons. Title VI: \$1,792,000.00 — to provide temporary public service employment during periods of high unemployment when the national rate of unemployment is in excess of four (4) percent. Title VII: \$181,000.00 — which authorizes a variety of approaches to increase the involvement of the private sector in the design and implementation of training and employment programs. General plans for FY '81 Title IV: Youth Employment and Training Program (YETP), Youth Community Conservation Improvement Projects (YCCIP), and the Summer Youth Employment Program (SYEP), have been submitted. The Annual Plan for the aforementioned programs will be submitted as a modification to the FY '81 CETP when allocations have been received from the Department of Labor.**

TO: Patrons of Illinois Power Company: Illinois Power Company hereby gives notice to the public that it has filed with the Illinois Commerce Commission proposed revisions to Rider R to its Schedule of Rates for Gas Service. "Adjustments to Residential and General Gas Service Charges," Ill. C. REG. 25, First Revised Sheet No. 24. The proposed revisions would change the method specified in Rider R for determining the amount and payment of Facilities Charges Refunds ("FCR") to customers taking natural gas service under Service Classifications 51 and 63. Upon approval of the proposed revisions, the present FCR of \$3.35 would be reduced to zero. A copy of the proposed revisions to the tariff may be inspected by any interested party at the business offices of the Company. All parties interested in this matter may obtain information with respect thereto either directly from the Company or by addressing the Chief Clerk of the Illinois Commerce Commission, Springfield, Illinois 62706.
